## Vijaya Homes for Elders

This is a unique place to care for elders at different health and activity levels. The facility provides the best medical and nursing care with an onsite medical staff and the Vijaya College of Nursing located right next to it.

Vijaya Homes for Elders is operated on a not for profit basis. 20% of the comfort homes will be completely free for individuals in need and is funded by the Sathya Sadhana Foundation, that focuses on elderly care and is fully FCRA certified.

Phase 1, which has been completed consists of Comfort Homes and community services including a prayer hall, library and dining facilities. Phase 2 will add an Assisted Living Center. Future phases will include a nursing home and rehabilitation center, a hospice care center and a geriatric hospital and research center. Our vision is to build an institution that treats our elderly family members with the love, dignity and care that they deserve.

### Comfort Homes

Independent housing facility designed to meet the needs of the elderly who seek the comfort and convenience provided by common facilities and community services.

Comfort Homes has 500 Sq. Ft housing units with living room, bedroom, balcony and kitchenette. It also has 350 Sq. Ft housing units with bedroom and balcony.

### Assisted Living Center

Designed to help the elderly live as independently as possible and while still getting the assistance they need for activities of daily living (ADLs). All residents have their own private room with bed and bath.

Assisted living facilities offer the safety and security of 24 hour support and access to care. Day or night help is only a phone call away.
